Mr. NOELL, from the Committee on Private Land Claims, made the following

### REPORT.

*The Committee on Private Land Claims, to whom was referred a bill for the relief of Jacob Ammon, have had the same under consideration, and report:*

That it does not appear that there was any such command as that in which it is alleged the service was rendered, for which bounty land is claimed, and no proof is adduced to support the claim, except the *belief* of two witnesses that such services were rendered, and this belief not founded on any personal knowledge of the witnesses. The committee are of opinion that the bill ought not to pass, and they instruct me to report the same back with a recommendation that it do not pass.

REPORT

The Committee on Private Land Claims, to which was referred a bill for the relief of Jacob Ammon, have had the same under consideration, and report:

That it does not appear that there was any such settlement as that in which it is alleged the service was rendered, for which bounty land is claimed, and no grant is shown to support the claim, except the belief of two witnesses that such service was rendered, and this belief not founded on any personal knowledge of the witnesses. The committee are of opinion that the bill ought not to pass, and they therefore recommend that it do not pass.
